You are invited to participate in the 19th Australian Organic Geochemistry Conference held in Fremantle, 4-7 December 2016, the theme of which is “Palaeoclimates, Environments, Ecosystems & Our Resources”.

The conference will take place at the Esplanade Hotel and will begin with an ice-breaker on the Sunday evening. The conference dinner will be held on Tuesday 6th.
A field trip to Rottnest Island is planned for Thursday 8th December, pricing to be confirmed depending on interest.

**Conference themes:**
- Modern and ancient environments
- Palaeoclimate
- Petroleum geochemistry
- Geomicrobiology
- Organic-inorganic interfaces
- New tools and technologies
- Other (e.g. minerals)

**Early bird registration fees**
